## NO MATERIAL MODIFICATION ON FRONT: BULGE SLIGHTLY WIDER BETWEEN SEDAN AND MAUBEUGE

BACK FROM NORWAY

General Sir Edmund Ironside talking to soldiers who arrived at a Scottish port on their return from Norway.

## Magnificent Fighting By Belgians: Namur And Liege Still Held

THE FRONT HAS NOT BEEN MATERIALLY MODIFIED IN THE PAST TWENTY-FOUR HOURS, ACCORDING TO A BRITISH WIRELESS REPORT RECEIVED LAST NIGHT.

There are indications that between Sedan and Maubeuge, the base of the bulge has been slightly widened but it does not seem to have got much deeper.

The general direction of the thrust is in the north-west of the bulge where some German progress has been made but it has been very slight.

The Germans and French seem to be very mixed up in this area. In certain parts, Germans are behind the French and in others French are behind the Germans.

The French, however, are steadily plugging holes which the Germans made in their lines.

Very high tribute in London is paid to the magnificent fighting qualities displayed by the Belgian Army there being no break on their front. They have only retired in conformity with the line elsewhere.

The fact that Liege and Namur are still held by the Belgians is cited by military circles in London as an indication of the way the Belgians are "doing their job."

Retention by the Belgians of Namur and Liege is particularly important as all rail lines to the front reached by the Germans pass through these points. If they were doing no more than holding these points the Belgians, in the opinion of experts, would be doing their full share.

The British, continued the message, are also retiring in conformity

## STRENGTH OF NAZI ONSLAUGHT EFFORT CARRIES SEED OF ITS OWN DESTRUCTION

BRITAIN'S NEW PREMIER

Mr. Winston Churchill leaving 10, Downing Street after attending the War Council meeting.

"Hour Of Decision Has Not Yet Struck"

## FULL FRENCH CO-OPERATION

LONDON, May 20 (Reuter).—The morning papers emphasise the grave but by no means desperate character of the position, and while due credit is given to the formidable force of the German onslaught, a reminder is also sounded that the strength of the effort carries, at the same time, the seed of its own destruction, in the weak lines of communications and insufficiently well-developed bases.

The DAILY TELEGRAPH states that "through the smoke of the battle that is raging across north-east France we can still only discern the uncertain fortune of the monstrous effort and ruthless bloodshed. The hour of decision has not yet struck."

Along the highways which brought the luckless German legions of 1914 into France, mechanised forces of Nazism pushed their advance further yesterday. No one must think lightly of the loss they inflicted and of the danger which their western drive threatens to the Allied front.

"It would be equally wrong to judge the situation by the extent of territory which the Germans have overrun by breaking the Meuse line."

Issues of the battle depend upon the power of the Allies to prevent adequate forces of German infantry from following them.

A STANDSTILL  
"Without a stream of supplies from the rear the rush of the armoured divisions will come to a standstill. Around the bulge fighting has been of ever-increasing violence and it is impossible to predict when the limit of human endeavour, in this frightful clash of the machinery of destruction, will be reached."

"Eye-witnesses report mounds of German dead but as long as the brutality of Nazi discipline can drive the manhood of Germany to the slaughter, Hitler will not spare his 'cannon fodder'."

"No ruthlessness, however, can drive machines into action when they are smashed or when their fuel supply is cut off. French guns have met German tanks and bombing has taken a heavy toll. Our air force have been giving thorough attention to the German communications, particularly the roads and railways in the Ardennes which are inadequate, even in working order, to supply the needs of the great offensive. The attack may well be checked, or halted, by the failure of transport."

"On the longer view the brilliant work of the Air Force in destroying the great oil depots in north German ports are of the first importance. Nazism may survive the sacrifice of hosts of men. The loss of petrol, inevitably shortens its reign and enormous quantities of dwindling fuel."

## Appointment Of Weygand Is Welcomed

## WILL OVERCOME CRISIS

PARIS, May 20 (Reuter).—General Weygand's appointment is welcomed by the press.

Gen. Duval, in Le Journal, says, "The presence in the Government of Marshal Petain and the nomination of Gen. Weygand as Commander-in-Chief brings us immense hope."

La Jour comments: "The presence of Gen. Weygand gives us the right to hope that, with this remarkable Chief, France will overcome the serious crisis on which the future of the world depends."

## MORE HOPE

"I now have more hope than ever," writes M. Charles Morice in Petit Parisien.

His comment is typical of the general reaction to the latest situation. "Our Chiefs do not despair of succeeding in two or three days' time in mastering the enemy onslaught. The Germans are making a colossal effort to break through. They have not succeeded. Despite the appearance, the situation can be relieved."

## NEW ENERGY

LONDON, May 20 (Reuter).—The Evening News, commenting on the replacement of Gen. Gamelin by Gen. Weygand, "the man who has never been beaten," says that his coming is a pledge of a new energy and new devices in stemming the German thrust into France.

"Whatever the issue of the present battle an enormous task still confronts us but Gen. Weygand is a man of action, a fighting leader of fighting men."

## H.M.S. WHITLEY DAMAGED

LONDON, May 20 (Reuter).—The Admiralty announced that the destroyer H.M.S. Whitley has been damaged by a bomb and was beached.

There were four casualties.

## NORWEGIAN DROWNED

## WAR SITUATION BELIEVED LED TO SUICIDE

SHANGHAI, May 20 (Reuter).—Believed to have committed suicide because of the war situation in Europe, Martin Wilhelm Aunes, 40, a Norwegian, Chief Officer of the s.s. Hannah Moller, was found drowned in the Whangpoo here last night.

A verdict of death by drowning, in unknown circumstances, was returned at the inquest today.

## DRIVE AGAINST SECRET AGENTS IN MEXICO

Special to H.K. Daily Press.  
MEXICO CITY, May 20 (Havas).—Pursuing its drive against the activities of foreign propagandists and secret agents, the Home Ministry has assigned a number of detectives to investigate the activities of foreign agents in the provinces of Mexico and Tlaxcala.

It is stated that these foreign agents are watching from Mexican territory United States military activities, particularly in the San Diego district where the American land manoeuvres usually take place.

## NAZI PLANES RAID S.E. COAST OF ENGLAND

Special To H.K. Daily Press.  
LONDON, May 20 (Havas).—German planes raided the south-eastern coast of England. Many explosions were heard along the coast.

Heavy firing was also heard on the other side of the Channel.

## METHODIST BISHOP URGES HULL TO DECLARE WAR

IN AN OPEN LETTER addressed to the United States Secretary of State, Bishop James Cannon, of the Methodist Church in Richmond, Virginia, says Havas, urged him to "make every use of his great influence with the President and Congress to bring about a declaration of war against Hitler and other similar monsters."

Bishop Cannon added that all nations would be immensely gratified if the United States would abrogate the "cowardly Neutrality Act" and declare war upon Germany.

Despair, he said, would be replaced by hope.

## WESTERN FRONT POSITION

PARIS, May 20 (Reuter).—A War Ministry spokesman summed up the position on the Western Front this morning as follows:

The strategic movement by the Allies on the left wing in northern Belgium continues.

Furious resistance is being offered to German attacks east of Cambrai and the German push westward, in the direction of Cambrai, continues.

The situation remains serious, and even grave, at certain points but there has been no considerable change in the position generally in the last 24 hours.

## Six Japanese Aeroplanes Downed

## BATTLE OVER LIANGSHAN

CHUNGKING, May 20 (Reuter).—Six Japanese aeroplanes were shot down in an aerial engagement this morning above Liangshan, north-east of Chungking. It is officially announced here.

The air raid alarm was sounded in Chungking this morning when 27 Japanese aircraft raided Liangshan. In the ensuing engagement Chinese fighters destroyed six Japanese planes, three of which have already been located.

The wreckage of one heavy bomber was found at Fengshulin, near Wanhshen, and another bomber crashed at Kailshen, north of Liangshan.

The third Japanese machine, a scouting plane, crashed at Chungshien, south-west of Wanhshen, along the Yangtze River.

## BRITISH FRONT SUCCESSFULLY HELD

LONDON, May 20 (BWS).—General Headquarters of the B.E.F. issued the following communique early this morning: "The British Front was held today successfully in face of enemy pressure."

## FIRST SQUADRON OF INDIAN AIR FORCE READY

LONDON, May 20 (Reuter).—The first squadron of the Indian Air Force is now fully equipped and practically all the personnel are Indians.

It will co-operate with the British Army.

## GRAVE CONCERN ALLAYED

BELGRADE, May 20 (Reuter).—The vigour and sincerity of the Premier, Mr. Winston Churchill's broadcast impressed political circles in Yugoslavia and has allayed the grave concern felt previously by the seeming over-confidence of Britain which has been exploited by German propaganda.

Mr. Churchill's belief that the civilian population would be willing to endure an aerial bombardment, if it drew enemy planes from the front, had evoked complete understanding among the Serbs, whose sense of sacrifice is very strong.

## AUSTRALIA'S WAR ACTIVITIES

CANBERRA, May 20 (Reuter).—Mr. R. G. Menzies, the Premier of Australia, announced that a review had been ordered of Australia's war activities, particularly munitions production.

The War Cabinet will consider the intensification of the recruiting drive for a seventh division of the Australian Imperial Force.

## NEXT MOVE BY ITALY REMAINS UNKNOWN

## Russia And S.E. Europe

Special To H.K. Daily Press.  
PARIS, May 20 (Havas).—Italy's next move remains unknown and politicians here are watching with interest Russia's attitude in south-eastern Europe.

One thing is certain: Moscow refuses to give the slightest indication as regards her future action there and neither Berlin nor Rome has received from Moscow clarification of the Kremlin's attitude towards Yugoslavia, Bulgaria and Rumania.

The Soviet-Yugoslav negotiations which took place recently dealt mainly with economic questions although foreign observers in Moscow admitted Moscow's interest to preserve the integrity of the Slav nations in south-eastern Europe.

## NO INTENTION

Furthermore, Moscow spokesmen have frequently showed Russia's particular interests in the Balkans although the Kremlin has not indicated any intention to impede German and Italian designs there.

As regards Rumania, diplomats here are of the opinion that the Soviet claims on Bessarabia, as expressed in M. Molotov's speech, are still subsiding and, apparently, Moscow is waiting a suitable opportunity to make them more explicit.

## BASES EVACUATED

The recent agreement concluded by Moscow with Tallin clearly delimitates the location of Russian garrisons there. "All Russian bases on the mainland will be evacuated and Russian garrisons will be confined on the Baltic islands and peninsulas."

Russia is pursuing a similar policy regarding Sweden and observers recall that the recent German outburst against Stockholm were stopped upon representations by Moscow.

## "NATIONAL UNION ADMINISTRATION" FOR AMERICA

SPECIAL TO HONGKONG DAILY PRESS

NEW YORK, May 20 (Havas).—The formation of a "national union administration" in which Republicans would hold the key posts of Secretary for War and Secretary for the Navy is being at present examined by President Roosevelt, according to the New York Times.

The paper said that Mr. Roosevelt is seriously preoccupied by European events and the reaction of American public opinion to his requests for strengthening national defence which entail huge expenditure.

## Poor Attendance At Rifle Meeting On Saturday

There was a rather poor attendance at Stonecutters on Saturday afternoon, 21 members attending. Conditions were good except for a slight haze that came over at 600 yards. Sgt. G. E. Breeze of the Royal Naval Range Staff won the S.R. (b) net spoon with the excellent score of 99. Sgt. R. J. Heap was top for S.R. (a) with 85, but was beaten on handicap by Mr. H. A. Evans of the D.R.C. who thus won the Handicap Spoon. This was the last shoot of the season at Stonecutters.

Leading scores were as follows:—

S.R. (b)	Sgt. G. E. Breeze	32	34	33	99
S.R. (a)	Mr. H. A. Evans	31	33	33	97
S.R. (a)	Mr. J. A. Guard	31	32	31	94
S.R. (a)	Mr. W. K. Gillman	33	29	31	93

	Gillman	scr.	33	29	31	98
Mr. L. W.	Peckham		3	29	31	29 89

Sgt. R. J. Heap	scr.		28	28	29	85
Mr. R. N.	Medhurst		7	28	30	27 85

S.R. (a)	Mr. V. R. J. Merrett	6	27	27	27	81
S.R. (a)	Mr. H. A. Evans	10	26	27	27	80
S.R. (a)	Mr. R. Tynemouth	5	24	28	28	78
S.R. (a)	Mr. H. S. Jones	5	24	24	25	77
S.R. (a)	Mr. N. V. Whyte	8	23	26	27	76

A winner of handicap spoon will have handicap reduced by one pt. H.K.R.A. Miniature Rifle Section. Now that the full range rifle shooting has finished, keen interest is being shown in miniature rifle shooting. It is hoped that secretaries of existing and all newly formed clubs will get in touch with Mr. A. F. Evans, Hon. Secretary, Small Bore Section H.K.R.A. c/o R.A.F. Kai Tak with a view to arranging matches. He will also be glad to give advice to any persons interested and wishing to form clubs under the H.K.R.A. conditions. It is hoped that a colony team will be formed in the near future to take part in the Colonial Small Bore Matches and to fire matches with the National Rifle and Pistol Association of the Philippines.

In a small Bore Match fired at the Central Police Station range on Friday, May 17, between the H.K. Police and the R.A.F. the latter won by 17 points. Unfortunately Supt. Thompson was unable to fire for the police. The scores were as follows:—

POLICE	Sgt. Ritchie	97
POLICE	Sgt. Perkins	97

NURSE TELLS OF NAMOS RAID  
LONDON, May 3 (By Air Mail).—Nurse Polly Peabody, attached to the American-Scandinavian Field Hospital in Grong, Norway, has described to the British United Press the conditions in Namos during and after the repeated German air bombing.

### DAILY BOMBING

After the arrival of the French troops on April 19, she said, the bombing of the town was an almost daily occurrence. The Germans at first attacked military objectives, but quickly went on to the destruction of the entire town.

On Sunday when one of the most severe bombardments took place, big four-engined planes rained incendiary and high-explosive bombs on the lower section of the town and on the remains

## BRITISH RELIEF UNIT MEET NEWSPAPER MEN

AN ENJOYABLE "AT HOME"  
Members of the British Relief Unit to China, comprising Messrs. Evert Barger, Llewellyn Evans, Owen Evans, Philip Wright, Wilm. Jenkins and Michael Sullivan, were "At Home" to the Hongkong Press at the Harbour View Hotel yesterday afternoon.

The Unit is composed of two archaeologists and two engineers, and their purpose in China is relief work, mainly medical. They will operate in two divisions, one from Kweiyang, and the other from the North.

Non-religious, non-political and non-commercial, the work of the Unit is purely humanitarian.

NO DEFINITE PLANS  
In conversation with them yesterday, it was revealed that they had no definite plans formulated as yet. Their first task will be to get a large supply of medical supplies through, including heavy stocks already waiting in Kumming.

Every member of the Unit is trained in motor mechanics and it was indicated that one of their aims would be to train young Chinese mechanics for transportation work as one of the first steps in development plans which also forms part of their general scheme.

There were about 30 pressmen present at yesterday's reception and a very pleasant afternoon was spent by all.

## UNIT LEAVING

In two batches, five of the six members of the Unit will shortly leave the Colony for the interior. The two groups are expected to meet at Kweiyang, where their headquarters will be situated, towards the end of June.

For the time being, their sphere of activities will extend from Kweiyang to Sian, in Shensi, and they expect that it will expand to wider areas in course of time.

They expect to remain in China for about two years.

The party, first of its kind to come to China, is entirely supported by a special committee organised in London last November and affiliated to the British Fund for the Relief of Distress in China. Members on the Committee include Messrs. R. O. Mennell, J. G. Jenkins, E. R. Hughes and J. Gordon Thompson.

According to Mr. Philip Wright, the committee has raised between £1,500 and £2,000 through individual donations for their maintenance.

## DECLINES \$75 COMPENSATION

DONATION MADE TO POOR BOX  
Hearing was concluded yesterday before Mr. H. G. Sheldon at the Central Magistracy of the case in which Fung Ki, took was summoned for assault on Kan Jim-sang and Tse Kwan-tai, woman servant, following an argument over a coverlet in the Chung Wah dry-cleaning establishment, Luard Rd.

Fung Ki was found guilty and was ordered to pay compensation of \$75 to the man and \$15 to the woman, or serve one month and one week, respectively, in prison in default.

A counter summons against Kan Jim-sang for assault, being disorderly, and using indecent and abusive language, brought by Fung Ki, was dismissed by the Magistrate.

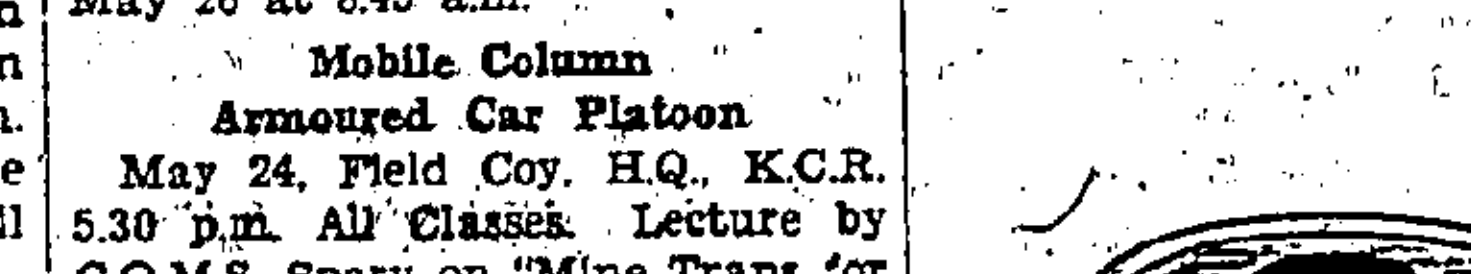

Kan Jim-sang declined the \$75 compensation, and said that he would like to donate the sum to the Poor Box.

## "PRIDE OF THE BLUEGRASS"

Never in the history of motion pictures has there been a production with a more interesting actor in the main role than "Pride Of The Bluegrass," the Warner Bros. picture showing today at the King's Theatre. For "Pride Of The Bluegrass" not only has a fine cast of human actors headed by two talented juveniles, Edith Fellows and James McCallion, but it also introduces to motion picture audiences an equine actor who in his own way the greatest horse that has ever lived. This is Elmer Gantry, the 15-year-old blind horse which jumps steeplechase hurdles with complete disregard of the fact that he can't see what he is asked to jump over.

Aside from the two youngsters, the cast of the picture also includes Granville Bates, Aldrich Bowker, Arthur Loft, De Wolf Hopper, Frankie Burke, Sam

## "SMASHING THE MONEY RING"

Exciting and crammed with action, "Smashing the Money Ring," the third in the Warner Bros. series depicting the adventures of the U. S. Secret Service, is showing at the Majestic Theatre. Bringing Ronald Reagan back as the handsome and clever operative, "Smashing the Money Ring" also introduces a new screen discovery, pretty and talented Margot Stevenson. Bristling with excitement and comedy, the plot, besides being a story of hazardous adventure, presents the opportunity to learn the methods of the department which wages an unceasing war against counterfeiters.

McDaniels and Bernice Pilot. The production was directed by William McGann.

## MUSIC IN MY HEART

Gay laughter and tender romance, backgrounded by music of fitting, memorable quality, mark the return to the screen of handsome, golden-voiced Tony Martin, radio's favourite in Columbia's "Music in My Heart." The carefree-romantic comedy, which will be shown at the Oriental Theatre today and tomorrow, stars Martin and lovely Rita Hayworth. Talented Edith Fellows is featured with Andre Kostelanetz and his famous orchestra providing the tuneful music.

Martin, about to be deported because his parents neglected to take out citizenship papers, becomes a refugee from the immigration officials. Miss Hayworth, about to marry a millionaire, becomes his "protector." Alan Mowbray is brilliantly seen as the wealthy bachelor, and Eric Blore is his mildly machiavellian Man Friday.

# INVINCIBLE CONFIDENCE IN FRENCH ARMY, LEADERS

## New Premier's First Broadcast To The British People

LONDON, May 20 (Reuter).—Broadcasting at 8 p.m. yesterday Mr. Winston Churchill said: "I speak to you for the first time as Prime Minister in this solemn hour in the life of our country and Empire and of our Allies and, above all, in the cause of freedom."

"A tremendous battle is raging in France and Flanders. The Germans, by a remarkable combination of air bombing and heavily armoured tanks have broken through the French defences, north of the Marston Line. Strong columns of their armoured vehicles are ravaging open country which, for the first time or two, was without defenders."

"They have penetrated deeply and spread alarm and confusion in their track."

"Behind them are now pouring their infantry in lorries and behind them again large masses are moving forward."

"The re-groupment of the French armies to make a head against, and also to strike at this intruding wedge, has been proceeding over several days. They have been largely assisted by the magnificent feats of the R.A.F."

"We must not allow ourselves to be intimidated by the presence of these armoured vehicles in unexpected places behind our lines."

"If they are behind our front the French are also at many points fighting behind theirs."

### SUDDEN TRANSFORMATION

"Both sides are in extremely dangerous positions and if the French Army and our Army are well handled, as I believe they will be, if the French retain that genius for recovery and counter-attack for which they have so long been famous, and, if the British Army shows that dogged endurance in fighting power of which there have been so many examples in the past, then a sudden transformation of the scene might spring into being."

"It would be foolish, however, to disguise the gravity of the hour."

### CONFIDENCE IN FUTURE

"It would be still more foolish to lose heart and courage or to suppose that our well-trained and well-equipped armies, numbering three to four millions, could be overcome within the space of a few weeks or even a few months by a scoop or raid of mechanised vehicles, however formidable."

"We may look forward with confidence to the stabilisation of the front in France and the general engagement of the masses will enable the qualities of the French and British soldiers to be matched squarely against those of their adversaries."

"For myself, I have invincible confidence in the French Army and its leaders. It is only a very small part of that Army that has been heavily engaged and only a very small part of France has yet been invaded."

## FOOT ITCH ATHLETE'S FOOT

According to the Government Health Bulletin No. 523, at least 2% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form and the skin cracks and peels. After a while the itching becomes intense and you feel as though you would like to scratch all the skin off.

### Beware of It Spreading

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments, seldom do any good.

### Here's How to Treat It

The germ that causes the disease is known as Trichophyton. It buries itself deep in the fissures of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ, so you can see why the ordinary remedies are unsuccessful.

If F was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It kills off the fungus of the skin where the germ breeds.

Itching stops immediately.

As soon as you apply F, you will find that the itching is immediately relieved. You should paint the infected parts with F, night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

If F will relieve the skin and smooth, you will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

## Hitler Makes Puppet Appointment

BERLIN, May 20 (Reuter).—The official German news agency states that Hitler has appointed Dr. Seyss-Inquart as the Reich's Commissioner for the occupied Dutch areas.

Hitler has decreed the incorporation of the Belgian regions of Eupen, Malmédy and Moresnet in the German Reich.

The official German news agency says that Dr. Seyss-Inquart is charged with the task of "maintaining public order and public life in the Dutch districts occupied by German troops."

### CONTROL OVER CIVILIANS

"Under Hitler's direction, Dr. Seyss-Inquart will have supreme authority over the Dutch civilian population."

"Supreme military rights will continue to be exercised by German military commanders in the Netherlands, who have the right to order any measures necessary for the execution of military order and security."

"The existing laws in the Netherlands will remain in force as far as compatible with the occupation."

## AN AVALANCHE OF STEEL AND FIRE

PARIS, May 20 (Reuter).—In a message to the Polish nation yesterday, General Sikorski said that the battle for which they had been waiting was now being fought in Belgium and partly on French territory.

The Allied armies, he said, were opposing an avalanche of steel and fire.

Behind them were the wealth of their countries and Empires. What struck more than anything else, however, was the deep sense of patriotism they have.

This was only the first phase of a great battle which would fluctuate one way or another. It would be as erroneous to exaggerate the significance of local success as it would be to exaggerate of provisional retirement.

Just as in 1919 the Germans had found the battle-ground of their defeat.

## U.S. HELP FOR THE ALLIES

NEW YORK, May 20 (Reuter).—Vigorous controversy is arising over the question of giving all possible and immediate support to the Allies.

Indicating a big swing-over in opposition opinion, the New York Times reports that fifty Republican leaders from Middle Western States told Mr. Taft, Republican Presidential candidate, that if he submitted to popular vote in their regions a proposal for direct aid to the Allies, short of entry into the war, it would be passed by a decided majority.

On the other hand there are some prominent Americans who still express strong isolationist views.

## Nazi Thrust Losing In Sting

PARIS, May 20 (Reuter).—Military observers here note that, as time goes on the German bounds forward, backed by heavy armoured columns, become steadily less both in width and depth.

The Temps military critic, a retired general, writes: "The situation is still serious—but it is to be believed that the High Command has the necessary means to check a new enemy drive along the Oise Valley."

"Reliable indications allow us to think that recovery is perfectly possible. The regrouping recently mentioned in French communiqués has evidently enabled us to give our dispositions the depth which was at first lacking. The reserves must now cover and protect dangerous penetrations."

## GRAVE BUT NOT CATASTROPHIC

PARIS, May 20 (Reuter).—Latest news received here shows that the battle between the Sambre and Meuse continued all day. The situation is stated to be confused.

Light German units reached St. Quentin, but the French are carrying out many counter attacks. Rumours that the Germans have taken Peronne are denied by the French military authorities. A War Ministry spokesman described the situation as grave but added that "there is no need to regard it as catastrophic."

## JAPANESE MILITARY HOSPITALS PACKED

CHUNGKING, May 20 (Central).—Hundreds of wounded soldiers have been hurriedly discharged from the large numbers of Japanese military hospitals on the outskirts of Shanghai, to make way for the streams of new-comers who are being brought in from the Hupeh-Honan front, says a Shanghai message.

The Japanese hospital ship, Asahi Maru, arrived in Shanghai on May 17, and is busily taking in wounded troops to be shipped back to Japan. The Asahi Maru has accommodation for 7,000 wounded soldiers in addition to space for the cremated ashes of 10,000 men.

## MILITARY WORKS DESTROYED

PARIS, May 20 (Reuter).—In the organized withdrawal in northern Belgium, Allied forces are reported to have destroyed all important military works.

In Zealand, all military and naval works were destroyed by the Dutch, including those at the important port of Flushing. The Dutch also destroyed all petrol and reservoirs in the naval dockyards.

The Dutch contingents now left in Zealand are continuing to fight at the side of the Allies.

"Interest of property and hours of labour are nothing compared to the struggle for life and honour, for life and freedom to which we have vowed ourselves."

### ONE BOND UNITES US

"I received from the chiefs of the French Republic and particularly from the indomitable Prime Minister, M. Paul Reynaud, the most sacred pledges that whatever happens they will fight to the end, be it bitter or be it glorious—nay, if we fight to an end it can only be glorious."

"Having received His Majesty's Commission, I have formed an Administration of men and women of every Party and almost every point of view."

"We have differed and quarrelled in the past, but now one bond unites us all: to wage war until victory is won and never to surrender ourselves to servitude and shame at whatever cost and agony it may be."

### ADVANCED TO THE RESCUE

"If this is one of the most awe-striking periods in the long history of France and Britain it is also beyond doubt the most sublime."

"Side by side, unaided except by their kith and kin the great Dominions and by the wide empires which rest beneath their shield, side by side the British and French people have advanced to rescue not only Europe but mankind from the foulest and most soul destroying tyranny that has ever darkened the stained pages of history."

### WE MUST CONQUER

"Behind them, behind us and behind the armies and fleets of Britain and France gather a group of shattered states and bludgeoned races—the Czechs, Poles, Norwegians, Danes, Dutch and Belgians—upon all of whom the long night of barbarism will descend, unbroken even by the star of hope, unless we conquer, as conquer we must and as conquer we shall."

"Today is Trinity Sunday. Centuries ago words were written to be a call and a spur to the faithful servants of truth and justice. Gird yourselves and be ye men of valour, and be in readiness for the conflict, for it is better for us to perish in battle than to look upon the outrage of our nation and altars. As the will of God is in heaven, even so let Him do."

## PRODUCTION TO BE INTENSIFIED

LONDON, May 20 (Reuter).—Reuter's Parliamentary correspondent states that Mr. Churchill's declaration that consideration of private property would not be allowed to stand in the way of the Government's policy is believed to be political circles to foreshadow a far more stricter control by Government over industry than is exercised now.

It is thought likely that the State will take control of a large number of privately owned factories producing war equipment in order to intensify production. It is thought that a decision in this matter will probably be taken soon.

## CANADA'S EFFORT

OTTAWA, May 20 (Reuter).—It is expected that Mr. Churchill's broadcast will result in renewed demands for increased speed in Canada's war effort, criticism of which is becoming widespread. The general public demands immediate acceleration of air training and plane production.

## TONIC EFFECT IN U.S.

WASHINGTON, May 20 (Reuter).—Mr. Churchill's broadcast was heard by radio listeners in the United States. His ringing tones had a tonic effect on the countless hearers throughout the country.

His firm confidence in the French and British forces, and his brief and incisive description of the battle now raging were a welcome antidote after the columns of depressing news printed throughout the country for the past week.

Observers see as a result of his

# PIRATICAL ATTACK ON JUNK IN BRITISH WATERS

## Dozen Men Arraigned Before Puisne Judge

A number of tins of kerosene and sacks of rice, as well as other assorted articles alleged to form part of the loot, were produced before Mr. Justice E. H. Williams at the Criminal Sessions yesterday when 12 men were charged with piracy in British waters.

The accused were TSOI YAU, LAM LOI, LAM YAN, TSOI HO, LAM ON, CHAN KUN-TSE, HO PING, TSANG HOP, WONG SUI-KAM, LEUNG KUM, WONG CHEUNG-KI and LAM CHUN.

Appearing for the prosecution in his first case since his appointment as Crown Counsel, was Mr. J. Reynolds, who was assisted by Sub-Insp. R. Cunningham.

The following formed the jury—Messrs. C. E. Terry (Foreman), Doo Fook-sang, H. W. Randall, Ching Sik-wing, J. Tam Hung, Loh Changor and Chan Ge-kiang.

Mr. Reynolds said the junk robbed was No. T3354H, registered in the Colony. The boat left Shaikwan on March 14 with one passenger, three travelling traders and eight crew. Arriving at Fuk Kun Tau that night, 20 to 30 shots were fired at the junk from two boats in the vicinity.

### TOOK REFUGE

Those on board the trading junk went into the hold for refuge, and later the junk was boarded. The occupants were searched and their personal belongings removed.

The cargo, consisting of kerosene, rice, wire, rope and other things, was ordered to be transferred next morning into the two other boats belonging to the robbers.

The trading junk then set sail for Hongkong and, on the way, met a police launch, when a report of the robbery was made. The police later went to Conic Island and found the two robbers' boats. Part of the stolen property

was there recovered, and the 12 defendants were arrested.

### EVIDENCE CALLED

Evidence was given by Lam Lin-sui, master of the trading junk, who identified seven of the 12 accused as among those that boarded his craft.

Chu Sul, steersman, said the robbers followed them for three hours before they opened fire. Witness said he was ordered to steer the junk till next morning when he was told to get into the hold.

About 2 p.m. on the day, he saw that the robbers had left. He then steered the boat to Hongkong.

Witness identified a rattan basket produced in court as the one stolen from him. After stating that it contained a suit of clothes, two roles of white cloth and one roll of black cloth, he produced two keys, which had not been taken from him by the pirates, and opened the basket to show the contents.

Yeung Wing-tak, another junk foki, said the robbers stole from him a cardigan, besides an overcoat and \$16. He saw six defendants wearing the cardigan at the police station. The robbers, stated witness, were armed with three revolvers and one rifle.

Evidence was also given by S. I. Cunningham, Sgt. F. Roberts and others, after which the hearing was adjourned until this morning.

## TWO P.W.D. FOREMEN GAOLED

### BRIBERY TRIAL VERDICT

Found guilty by a jury on a charge of obtaining a bribe of \$20 from a contractor, two Chinese foremen, temporarily employed by the Public Works Department, were each sentenced to nine months' hard labour by the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions yesterday.

The accused were Li Sing-san, alias Charlie Li, 28, and Li Yan-wah, 30.

They pleaded Not Guilty and the following jury was empanelled—Messrs. E. L. Hosie (Foreman), Lai Yu-kou, Kwong Hok-yu, Ip Kwai-chung, Pun Shek-chun, F. G. M. da Costa and G. R. Horridge.

Mr. J. P. Murphy, Assistant Crown Solicitor, said that the accused were foremen of the P.W.D. and for several months had been engaged in supervising work at Pokfulam where a new reservoir was being constructed. Chu Lam, sub-contractor, was engaged to lay concrete on the site.

Mr. Murphy pointed out that when concrete was to be laid, a Government foreman had to be present to supervise the work.

On March 11, when Chu Lam was paying his workmen, the accused came to him and demanded \$20 each monthly, threatening that if the money was not paid over, they would obstruct the work by coming late and leaving early.

The following day both accused arrived at 9 a.m. instead of 7 and left at 3.30 p.m. instead of 5.30. They threatened Chu that if the money was paid over they would work at the proper time. On March 14 Chu paid each accused \$10 and the balance paid on March 27.

On April 10, both accused again demanded money and carried out their threat.

Chu sought legal advice and was told to report to the police.

Insp. O'Donovan gave Chu four marked \$10 notes and sent two detectives with Chu to the contractor's premises. When the accused came in to collect their money they were arrested.

## "PIRATED" BOOKS FORM CHARGE

Following complaints registered with the Shumshing Police Station by the management of the Chung Wah Book Co. Ltd. and the World Book Co. Ltd. of Queen's Road Central, a police raid led by Det.-Sgt. Shaw was carried out on the premises of No. 164, Lai Chi Kok Road, 1st floor, on May 15.

The police seized more than 8,000 books, printed from blocks forged from Chung Wah Book Co. and World Book Co. originals. The "pirated" books included the Living English Readers Series for junior middle schools.

A warrant for the arrest of Kai Kwong, principal tenant of the premises raided, was issued by Mr. Q.A.A. Macfadyen at Kowloon Court yesterday at the request of Mr. Hin Shing Lo, appearing for the Chung Wah World Book Companies. A confiscation order was also made with regard to the books seized.

Mr. Hin Shing Lo said that complainants had expended a lot of money towards the struggle for protection of their copyrights locally, and nothing short of an arrest seemed sufficient to act as a deterrent to the many book pirates active in the Colony.

## SNATCHER CAUGHT

Sentence of six months' hard labour and 10 strokes of the cane was passed at Kowloon Court yesterday on Yeung Sau, 18, charged with snatching a handbag from a woman named Cheung Mei, 28, in Prince Edward Road on Saturday. Defendant was charged and arrested by Sgt. McDermott of the Police who had witnessed the incident and alighted from a bus to give chase.

opened Tsui Sha Tsui Health Centre (old Central British School) and the transfer will take effect as from Saturday, June 1.

It is hoped at a later date to introduce birth registration facilities at this registry in addition to death registration, thus giving Kowloon an up-to-date Birth and Death Registry.

## Serious Cut On Wrist

### WOUNDING CASE AT SESSIONS

An unemployed youth, Chu Tong, was arraigned before the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions yesterday charged with wounding, with intent to do grievous bodily harm, and malicious wounding of Li Wah on April 1.

Mr. J. P. Murphy, Assistant Crown Solicitor, was for the prosecution. The jury comprised Messrs. H. Henrys (Foreman), S. Chue, J. C. Fonseca, C. Carneiro, Tuan Tse-tsung, Leung Pul-yim and Leung Chak-man.

Mr. Murphy said that the complainant was a hawk selling cakes to workmen on Stonecutters' Island.

Some months ago a man, So Yee, while working knocked against Li Wah and they had a quarrel. So Yee threatened to assault Li.

At the end of March, Li Wah was returning to Kowloon from Stonecutters' Island, at Jordan Road wharf, a man came up with a hammer and attempted to strike him. He and a friend managed to ward off the blow and the assailant was arrested and was released after some words.

A CHALLENGE  
On April 1, when the complainant met So Yee he challenged Li to having sent men to attack him. The two quarrelled and parted.

When coming back to Kowloon in the evening, someone shouted to him. He stopped and as the person approached him, drew out a chopper and delivered a blow on Li Wah's arm, in an attempt to ward off the second blow, received a serious cut to his left wrist.

Li's friend, Leung Kau, came to his assistance and struggled with the man, who was later identified as the accused.

Hearing was adjourned until 10 a.m. today.

## PASSENGERS IN EXCESS

### SHIP'S CAPTAIN FINED

A fine of \$800 was imposed by Hon. Comdr. G. F. Hole on Capt. R. Allison, of the China Navigation Company, at the Marine Court yesterday when he pleaded guilty to entering harbour with 348 passengers in excess of the number allowed by his ship's certificate.

Capt. Allison was originally charged with carrying an excess of 562 but this charge was amended to conform with the increased allowance of a later certificate, and the number in excess was calculated as 348.

Mr. M. M. Watson, for the defendant, said that an unusually large number of passengers for Swatow had been booked by the Company's agents at Shanghai. The Japanese authorities had already issued passes for the passengers and the Captain reluctantly took them as there was no other ship for a fortnight.

In imposing the fine, Commander Hole said, "I know the difficulties but I think the Company has been very careless in this matter and they will have to pay the fine."

## ALLEGED THEFT OF MONEY

At the Central Magistracy yesterday Tsui Hon-sang, 21, unemployed, appeared before Mr. R. Edwards charged with stealing 50 cents from Wang Chou-shong, of No. 110 Queen's Road Central, obtaining \$5 from another person, \$5 each from Lam Chan-heung and Tam Chung-yit.

Tsui is alleged to have obtained payments from a group of friends as registration fees for prospective jobs.

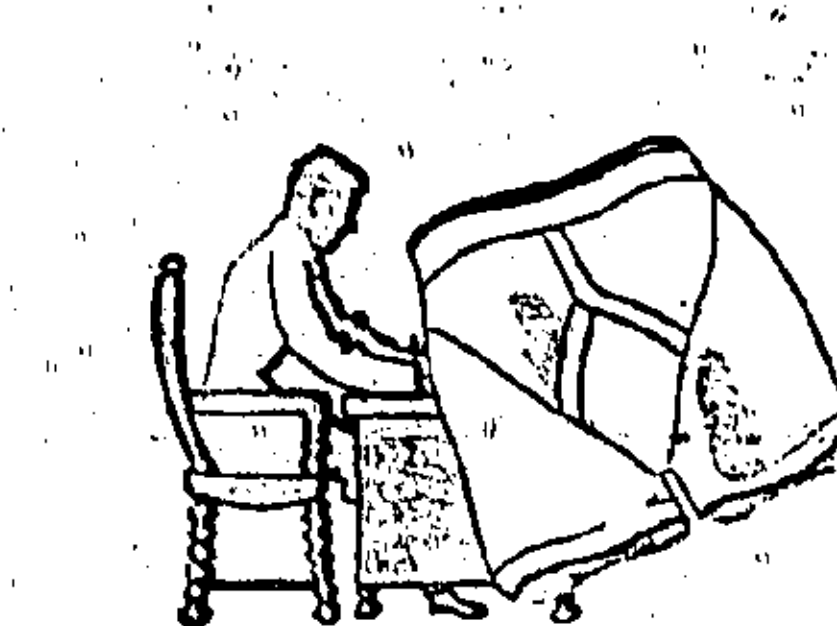

Hearing of the case was adjourned until tomorrow.

### BAIL ESTREATED

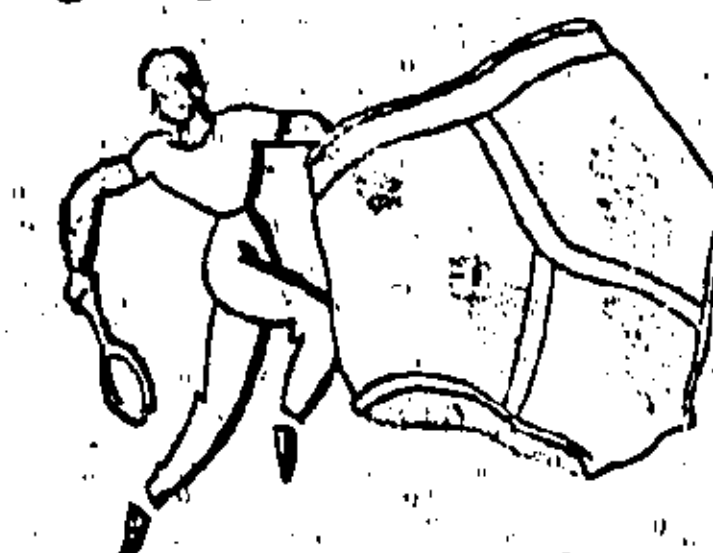

A Portuguese woman, Maria Ribeiro, 31, had her bail of \$20 estreated when she failed to appear before Mr. Q.A.A. Macfadyen at Kowloon Court yesterday to answer a charge of keeping a brothel at No. 43, Pilek Street, ground floor, in Yaumatei district.

Sub-Inspector Kellett, who prosecuted, said that the raid was carried out at 11.40 o'clock on Saturday night when two couples were found on the premises.

## COMPELLED TO REPAIR HIGHWAY

### CHINESE RETURN TO COLONY

Twenty Chinese, part of about 20,000 who were pressed by the Japanese in the "occupied" areas in South Kwangtung for labour service in Kwangsi during the recent operations in that province, returned to Hongkong on Saturday from Kwangchowwan.

The men are from Canton, Nam Ho, Shuntak and Sunwui districts. In December, they were taken by the Japanese in transports to Hoihow, Hainan Island, and then to the mainland where, together with others founded up by the Japanese, they were forced to march to Yanchow, Kwangsi.

There they were compelled to repair the railway and highway between Yanchow and Nanning which had been destroyed by the Chinese troops.

About 50 of those conscripts escaped in March and arrived in French territory last month, where they were cared for by relief organisations before being repatriated to their native districts.

## ENEMY ALIEN DETAINED

It is understood that only one enemy alien, who was granted conditional release sometime ago, has since been detained. He has, however, not been sent to the La Salle camp, but is detained at Central Police Station.

It is learned that he has been given a room formerly occupied by a European police officer and is guarded day and night.

Work on transforming part of La Salle College again into an internment camp is proceeding apace.

Used for a similar purpose at the outbreak of the war for the internment of Germans, the area was resumed by the Government last week.

Detention or internment or release is made by the Colonial authorities, it was gathered yesterday. The military authorities would provide the necessary guard if requested to do so, stated a spokesman.

## Registration Of Births

During 1939 a total of 46,675 births and 48,317 deaths were registered throughout the Colony. These figures compare with 35,894 and 38,813 respectively for 1938.

During the first quarter of the current year 10,859 births and 10,900 deaths were registered. The corresponding figures for last year being 12,321 and 11,987.

It may not be generally known that under the Birth and Death Registration Ordinance all births and deaths should be registered, the former within fourteen days and the latter within twenty-four hours. Failure to comply with this instruction renders those responsible liable to prosecution.

Anyone knowing of a birth or death which has not been registered is requested to report the fact as soon as possible to the nearest registry or to the General Birth and Death Registry, Post Office Building, 1st floor. No charge is made for registration within the periods mentioned above, and no charge is made for a post-registration of a death. Defaulters are invariably prosecuted, the most recent case occurring only two weeks ago when the person held responsible for reporting the death was fined \$40 with an alternative of two months' hard labour.

If approval is given for a birth to be registered after fourteen days and within twelve months of birth a fee of one dollar is charged. After the expiration of twelve months a fee of ten dollars is charged.

The co-operation of the general public is earnestly requested in the strict compliance of the law relating to the registration of births and deaths. Certificates of birth in the Colony of Hongkong confer certain very obvious advantages.

KOWLOON OFFICE  
During 1939 the Kowloon Death Register Office dealt with 20,500 death registrations as compared with 9,855 during the previous year, and 5,813 in 1935.

Due to this expansion and consequent increase in staff, the registry at the Kowloon Mortuary Office, which has been shared with the Medical Officer in charge the mortuary and the Health Officer, New Territories, has become too cramped. In addition it has always been realised that being in the mortuary compound the registry was badly positioned.

A new registry has therefore been fitted out in the recently

## He Was Going To Be A Policeman!

He had come from Macao, and was on his way to Shumchun to accept employment, there as a policeman, stated Ng Shek, 40, unemployed, appearing on a charge of larceny before Mr. E. Hensworth at Kowloon Court yesterday.

It was alleged that defendant had cut out the pocket of a woman passenger on board the ferry boat "Man Lai," bound from Hongkong to Mongkoktsui on Saturday, with a razor blade and stole a purse containing \$5.60 in Hongkong currency and \$10 in Chinese currency.

TERRED AWAY BLADE  
Eighty cents in small money dropped out from the purse on to the deck, and this was noticed by So Cheung, 37, a hawk, who appeared in Court yesterday as principal witness against defendant.

On being caught in the act, defendant threw overboard the purse and razor blade. However, a carton for razor blades was found on his person, and he was arrested and subsequently charged. He was sentenced to four months' hard labour for larceny and was additionally sentenced for returning from banishment.

## HIGH BIDDING AT SALE OF CROWN LAND

There was high bidding at the Crown Land sale at the P. W. D. yesterday.

Kowloon Inland Lot No. 4278, situated at Ha Heung Road, To-kwawan, containing an area of about 3,720 square feet, was sold to Mr. Lam Shek-lung, of No. 89, Oak Street, for \$4,190. The upset price was \$2,780.

Kowloon Inland Lot No. 3277, with an area of about 12,000 square feet, located at Argyle Street, was sold to Messrs. Yuk On Tong Land Investment Co. Ltd. for \$14,600, the upset price being \$9,600.

New Kowloon Inland Lot No. 2792, at Castle Peak Road, Cheungshawan, was purchased by the World Fencil Co. Ltd. for \$15,000. The lot contains an area of about 14,790 square feet and the upset price was \$11,093.

Chinese Smash  
Into Sinyang

FANCHENG, HUPEH, 20 (Central)—In a whirlwind drive down the Peiping-Hankow Railway, Chinese forces smashed into Sinyang, important town on the line in south Honan, and base of the Japanese Honan-Hupeh operations, on May 18.

Breaking into the Japanese airfield there, they destroyed 12 grounded enemy planes after killing more than 100 guards, and occupied the railway station, the northern part of the town and the hilly areas in the north outskirts. Japanese reinforcements from the southwest are being engaged by them in a fierce battle.

MANY CASUALTIES  
Japanese forces in Hupeh are continuing their flight southward following their defeat by the Chinese at TsaoYang.

A unit fleeing to Changshoulin, about 19 miles north of Chungking, was attacked by the Chinese on May 17, suffering more than 300 casualties. The highway between Changshoulin and Yangtze has been severed. Japanese units beleaguered at Huanglungtang and Yueshan, southwest of TsaoYang, are subjected to continuous enveloping attacks by the Chinese.

U.S. REACTION TO  
NAZI ONSLAUGHT

WHILE the Nazi onslaught on Holland and Belgium was proceeding with all its relentless fury, reactions in the United States became immediately apparent. There was a definite swing in political circles towards the Allies and this increased perceptibly over the week-end when the critical position facing the Allies became evident. Political circles are keenly aware of the threat to American interests and security if the German war machine succeeds against the Allied arms and those who still favour isolation are finding their ranks dwindling rapidly. Feeling has risen to a tremendous pitch in the middle and western states and greater assistance for the Allies in every possible way is being advocated even from election platforms.

IF EVER anything was necessary to influence opinion in the United States against Germany it must have been the reports of the inhuman and brutal bombing of Rotterdam, when, according to estimates, a toll of at least 100,000 lives was taken. Reuter describes this shameful action as reminiscent of Dante's Inferno and the United States, as a great democratic country of the west, will never condone this ruthless act of destruction. The voice of the people in the United States will now make itself heard even more strongly and with the political leaders of the country ready to support any action to resist this crime against civilisation, American assistance will be doubled—even to entry into the war on the sides of the Allies. The Nazi drive is already being gradually but surely checked by the greatest counter-offensive that has ever been launched in modern warfare and Herr Hitler's war machine will soon feel the full effect of the blow that is being organised with all the determination and energy at the command of the Allied arms.

CHINESE SUCCESS  
IN THE NORTH

IMPORTANT successes which the Chinese troops have scored in the north were somewhat overshadowed by the developments which have been taking place in Europe. The operations which have been taking place in South Honan and North Hupeh, however, must be regarded as of a major nature in which the Chinese, according to reports received from authoritative sources, have placed the Japanese troops in an unenviable position, forcing their withdrawal to the east. South Honan has until now been occupied by the Japanese, who have been making vain attempts to work their way to the south-east across the border in order to reach Yangtze, from where they were hoping to make a descent on Chungking. To accomplish this, the invading troops endeavoured to encircle the Chinese troops which were resisting them from North Hupeh by driving south from TsaoYang to Icheng.

THEIR plans have failed to materialise and reports over the week-end indicate that the Japanese troops attempting this manoeuvre have been isolated and that their forces round TsaoYang are in a precarious position. The clever strategy displayed by the Chinese troops is also forcing

BOY SOLD FOR  
\$19.90Sequel At Central  
Magistracy

The sale of a child for \$19.90 was revealed at Central Magistracy yesterday morning, when two women, Wong Tai and Po Sze, appeared before Mr. H. G. Sheldon on a charge of unlawful transfer of possession, custody or control of another person for a valuable consideration.

Wong Tai pleaded guilty and said, "I understood my mother-in-law was dying of starvation, and I was trying to raise money to send to her."

According to Insp. G. W. Moreton, of the Secretariat of Chinese Affairs, the father of the child was an odd job worker in a military barracks, whose wife had left him with their boy in January 1939, and had not been heard of since. The father's friend, Wong Tai, had been entrusted by him with the care of the child, for which he paid 20 cents while he went to work.

## TAKEN TO SAMPAH

However, he became suspicious of Wong on May 15, and watched her. The father saw the two women meet, and then take the boy to Cross Street where they bought him new clothes. Thence, the child was conducted to a sampan.

On information received the police recovered the boy.

Insp. Moreton said Po Sze admitted that the boy had been bought for \$19.90, and produced a deed to this effect. On May 17 the father of the child saw Wong Tai in Queen's Road West, and had her arrested.

The defendants were remanded until today.

ARCHER AGAIN  
REMANDED

A further remand of 72 hours was granted when Charles Archer, 26, unemployed salesman, appeared yesterday morning before Mr. R. Edwards, at the Central Magistracy.

Archer is charged with having on April 23 fraudulently converted to his own use an R.C.A. wireless receiver, which was entrusted to him by the Bosco Radio Corporation for delivery to Mr. A. L. of the On Lok Yuen Restaurant.

Archer was granted \$2,000 bail. Acting Sub-Inspector C. Byron prosecuted.

## MURDER ALLEGED

As a sequel to the triple murder in Hee Wong Terrace, West Point, on the night of May 12, a married woman, Kwan Lai-chun, 31, was charged with the murder of Lam Li-kwai, before Mr. T. J. Houston at the Central Magistracy yesterday morning.

Det.-Insp. L. R. Whant was granted a week's remand.

TURKISH MILITARY  
MISSION

ISTANBUL, May 20 (Reuters)—It is reported from Ankara that President Inonu called a Council of Ministers at the Presidency and had a long conversation with Mr. Refik Saydam, the Prime Minister, and Marshal Tchakmak, Chief of General Staff, before the latter's departure for Beirut.

Marshal Tchakmak is heading an important military mission to Beirut.

It is reported that owing to the international situation, the National Assembly has decided to forego its usual summer recess from June to November and will continue meeting as usual.

the Japanese to withdraw towards the Peiping-Hankow Railway, thus completely frustrating their attempts at driving south into Hupeh. Even here their withdrawal is being harassed and the Chinese are not on the heels of those Japanese forces which are being forced back to their base at Sinyang. The significance of these successes to the Chinese is that the Japanese have suffered very heavy losses and their dwindling manpower will make any further attempt by them in this sector impracticable. The result is a victory for the Chinese arms and is taken as heralding a bigger Chinese push into North China in the near future. The Chinese are fighting on.

## NO DISMAY

An article in The Times says that "there is no need for dismay. Even despondency would, in itself, be a crime. This great German offensive contains the seeds of its own destruction if only time can be gained for them to ripen."

"The gravity of the task, and grave indeed it is, should be coolly and calmly estimated and every device likely to slacken the intolerable strain to which the French Army is being subjected, should be rapidly reviewed and, if approved, put rapidly into effect."

"There is not the slightest sign of discouragement in this country which long ago gained the reputation of being only too difficult to rouse to danger, but is not appalled by danger's approach."

"Our feelings towards France in her struggle with adversity are well typified by the visit to Paris by Mr. Winston Churchill who carried with him encouragement of the fighting temperament and promise of all the support which lies in our power to give, and also the assurance of the fullest co-operation in the great task in which both countries are now engaged."

"King George and his troops, in their battle, fought for the safety of France and our own country as well as for the future of civilisation."

"And, however this particular battle may go or may develop, our own determination and our objective remain unchanged."

## NO BOASTING

British Wireless adds the Daily Mail says of Mr. Churchill's speech, "Nothing of boasting was here. Nothing was concealed. Stark realism was in his long and, having faced all the facts, he bids us await the dark hours as a prelude to victory. The greatest asset we have already won from the temporary German successes is the lesson, that we must work for victory in arsenals, shipyards and aeroplane factories."

The Daily Telegraph adds, "Mr. Churchill's high confidence was founded on recognition of the elements of the menace in the present situation. His clear expectation that the Front will soon be stabilised must be founded, not only upon just pride in the French genius for attack and the fighting power of the British troops, but on the knowledge that adequate forces to restore the situation are at hand."

"Mr. Churchill spoke summarily of the great social changes made necessary by the war. The principle that neither interests of property nor hours of labour should be suffered to delay victory will be accepted by all."

"There has been admirable willingness among the Trade Unions to further every measure for deployment of our full strength in the war. They will only ask, in return, as the whole nation asks insistently, that the Ministers should, without delay, utilise all our resources in man power and machine power."

ITALIAN LINERS  
NOT STOPPED

Two of the largest Italian passenger liners, Rex and Conte di Savoia, passed the British Contraband Control at Gibraltar at the end of last week without being stopped for examination.

British Wireless reports that the British authorities had information in advance that almost the whole of the liners' small cargoes was non-contraband, there being no reason to suppose the rest was doubtful.

# General Maxime Weygand Is Made Supreme Head Of The Allies In All Theatres Of War

PARIS, May 20 (REUTERS)—GENERAL MAXIME WEYGAND, FORMER FRENCH CHIEF OF STAFF, AND LATELY COMMANDER-IN-CHIEF OF THE ALLIED FORCES IN THE MIDDLE EAST, HAS BEEN APPOINTED COMMANDER-IN-CHIEF OF ALL THEATRES OF WAR.

A great strategist, General Weygand has been responsible for the organisation of the great Allied army now in the Middle East.

During the last war, he was Marshal Foch's Chief of Staff and proved himself an ideal officer. He possesses not only an amazing memory and mastery of detail, but strength of character and initiative.

He served on the Yser, in Artois and during the battle of the Somme. He helped to plan the Allied assistance to Italy and took part in the counter-attack there returning to aid Marshal Foch, then Generalissimo of the Allied armies. In the final year of the war.

After the war was over, he was sent to Poland to assist the Poles against the Bolsheviks who had almost reached the gates of Warsaw. His counter-stroke, delivered in August, 1920 is regarded by many experts as a finer example of generalship than almost any given during the World War.

In 1923, he was sent to Syria as High Commissioner, and there by his firm and tactful administration he still further enhanced his reputation.

GENERAL WEYGAND

In 1931 he was appointed Vice-President of the Supreme War Council of France (the President being the President of the Republic) and Inspector-General of the Army, a post by virtue of which he was Commander-in-Chief. A year later a Ministry of Defence was established and Weygand became head of the combined land, air and sea forces. During his term in that post the Maginot Line was completed.

He retired from the post in January, 1933, and was succeeded by General Gamelin.

General Weygand is a strong opponent of any rapprochement with Germany. He is also said to be one of the very few French generals who really understand Englishmen. His melancholy and apparent diffidence conceal a master mind which works with great rapidity.

This is the man who has been selected to take charge in the present theatres of war.

General Weygand's appointment is expected to galvanise the energies of the French nation.

M. Reynaud, in swift succession, has called to the aid of the home-front, M. Mandel, who was the right-hand man of M. Clemenceau ("The Tiger"), and General Weygand was the right hand man of Marshal Foch.

GENERAL GAMELIN

GENERAL WEYGAND'S PRESTIGE HAS REMAINED UNDIMINISHED AND THE NATION SEES IN THE CHANGES FINAL PROOF OF THE GOVERNMENT'S FEROCIOUS DETERMINATION TO FIGHT WITH COOL INTELLIGENCE AND RELENTLESS ENERGY.

GENERAL WEYGAND IS KNOWN AS "A MAN WHO HAS NEVER BEEN BEATEN." IT IS DECLARED THAT HE LOVES DANGER WHICH LENDS HIM GENIUS.

## WITH BOTH AIR FORCES TIRED THE QUESTION IS WHO HAS BETTER SPIRIT

LONDON, May 20 (Reuters)—Every report of last week's fighting in France and the Low Countries has spoken of the importance of air power on land operations, comments an air observer.

No one knows better than the man in the air of the aid that can be given to the man on the ground.

The Germans have been using their air power to an extent never visualised before. They are seeking to muffle their troops with bombs while launching fighters at our bombers.

While it is not certain whether the Nazi air force is bigger than the Allied air forces or not, it was able, during the week, to concentrate many superior forces at a point in the Sedan region where the main battle occurred.

ALWAYS AGAINST ODDS  
The British and French air-

craft crews always had superior numbers facing them.

Every movement on the ground, he said, was linked up with air force failures or successes. It was worth noting that the French air force works as closely with the R.A.F. as do the two armies on the ground.

A complete picture cannot be drawn for some time to come of this hurricane speed war. But certain inferences can be drawn. During the day we have kept up the bombing of German troops, positions and communications. This has caused casualties. We have not as great numerical weight as we could wish.

PROTECT GROUND FORCES

The fighters' main task has been to protect the ground forces from the German bombers, to seek the latter out and shoot them down.

Profiting by their superior technical quality, our fighters have taken a great toll.

At night the bombers this week have given us the first real proof of the R.A.F. strength.

The bombers which have bombed bridges, fuel dumps and so on do so at night. The selected areas have been a night inferno.

Our night bombers carry twice the load of enemy bombers. They have dropped their missiles in the right place.

AIR FORCES TIRED

Pressure on the Allied air forces has been enormous, faced as they are with a gigantic concentration hurled into battle without regard of loss.

They have been fighting well. For every Allied plane brought down, three of the enemy planes have been similarly treated.

The enemy cannot go on indefinitely like this even if, as Goering claims, the actual number of their planes is inexhaustible. They must have trained crews even if the number of men is claimed to be inexhaustible. There must still be spirit in the drive.

The air forces on both sides are tired. Who can hold out longer? Perhaps the spirit of the men will be the deciding factor.

## PETAIN'S FAMOUS VERDUN ORDER

ISTANBUL, May 20 (Reuters)—The entry of Marshal Petain into the French Cabinet is cordially welcome in the Turkish press which recalls his famous order at Verdun and generally give the opinion that the halting of the present German offensive would mean the end of the blitzkrieg. It is declared that the Nazi regime cannot survive the slightest defeat.

## NO MATERIAL MODIFICATION

Continued from Page 1

In the region of Montmedy, German attacks were renewed with the same intensity, but they were repulsed.

During the night our bombing aircraft pursued with ferocity its plan for the disorganisation of enemy supplies.

DIEPPE RAIDS

PARIS, May 20 (Reuters)—According to today's Le Matin, Dieppe had several air raid alarms on Saturday and, at one time, five German planes flew over the town at a low altitude and dropped several bombs, killing one person and injuring another.

The enemy planes also machine-gunned fishing boats off the coast.

## No Reply From Germany To Communication From The Japanese On N.E.I.

TOKYO, MAY 20 (REUTERS)—A FOREIGN OFFICE SPOKESMAN REPLIED IN THE NEGATIVE when asked at the press conference today whether the Japanese Government had received any reply from Germany to the Japanese communication, of May 11, querying the Reich's attitude to the Netherlands East Indies.

The spokesman expressed pleasure that other Powers concerned fully shared Japan's concern for the maintenance of the status quo in the Netherlands East Indies.

He pointed out, however, that the Japanese communication did not anticipate an official reply and, therefore, the Japanese Government could not request one, though it was interested in the official intentions of the German Government.

No importance was attached to the German silence, he said, because he did not think any untoward expression would come from that quarter.

## CHINESE ATTACKS IN SOUTHWEST SHANSI

LOYANG, May 20 (Central)—Strong attacks have been launched by the Chinese in the vicinity of Chishan in southwest Shansi, inflicting heavy losses on the Japanese.

In an engagement at Machangyu, north of Chishan, the Chinese, spread fanlike, subjected the enemy to assaults on three sides. After a day-long battle, the Japanese, in a desperate attempt to break through the Chinese lines, fired a number of tear gas shells. Owing to their preparedness, however, the Chinese suffered few casualties.

A haul of a dozen gas cylinders and 145 gas bombs of various descriptions was made by Chinese forces when they broke into Sukiachuan, west of Yangcheng, on the evening of May 15.

## JAPANESE AT THE BACK OF IT

PEKING, May 20 (Reuters)—Violent attacks on Britain continue to be made by the local Chinese press. Apparently an order has been given by the Japanese military for a week's campaign of anti-Britain in the press. The Japanese controlled Central Broadcasting Station yesterday sponsored an anti-British speech.

## JAPANESE KILLED IN LIMA

TOKYO, May 20 (Reuters)—One Japanese was killed and 12 injured in the recent riots in Lima, capital of Peru, according to the spokesman of the Japanese Foreign Office. There had been further outbreaks, he added, and the tendency was for the trouble to extend throughout Peru. The spokesman said the Foreign Office was awaiting further reports.

## ALLIED ATTACK REPULSED

BERLIN, May 20 (Reuters)—An attack by Allied armoured cars south-west of Brussels, on Saturday was repulsed, according to competent quarters quoted by the official news agency.

It is claimed that 20 armoured cars were destroyed during the operation and it is stated that anti-aircraft artillery was used against the armoured cars.

## ATTACK ON NARVIK

LONDON, May 20 (Reuters)—The Allied attack on Narvik is progressing steadily. The town is being shelled from sea and land and it is believed that only a small number of Germans are in the town itself. The main forces are south of Rombak, on the railway leading to the Swedish frontier.

Land shelling is being carried out by Polish troops which occupied the town on the other side of the harbour, using howitzers.

## MESSERSCHMITTS DOWNED

TWO Blenheim aircraft, patrolling off the Dutch coast, encountered a formation of three Heinkel 111's and three Messerschmitt 110's.

They immediately attacked and shot down two Messerschmitts.

An Air Ministry bulletin states that during offensive patrols by our Air Force fighters over France and Belgium yesterday, one patrol of five Hurricanes, shot down at least three and, probably six German Heinkel 111's near Brussels.

A second and larger patrol encountered only two enemy aircraft, one of which, a Heinkel, 111, is believed to have been shot down.

## EXTENSIVE DAMAGE

LONDON, May 20 (Reuters)—Details of air force operations on Friday night show that the area of the raids extended from Hamburg in the north to Sedan in the south.

Extensive damage was done to German oil depots in Bremen and Hamburg.

Enemy aerodromes, troop columns, and road and rail junctions were bombed.

More than 300 bombs were dropped on oil depots in Bremen. A direct hit on a large petrol storage tank resulted in a terrific explosion, from which vast sheets of flame shot up to a height of nearly 2,000 feet, and a pall of

## MEDITERRANEAN TENSION EASES

BELGRADE, May 20 (Reuters)—Political circles here are much relieved at what is regarded as a relaxation of tension in the Mediterranean. In well-informed quarters it is reported that the recent Yugoslav trade delegation to Moscow was told that the Soviet is interested in maintaining peace in the Balkans but do not offer support. This is interpreted as meaning that the Soviet does not fear Italian aggression in the Balkans.

## R.A.F. Bomb Hamburg And Bremen Oil Depots: 20 Enemy Aircraft Downed

LONDON, May 20 (Reuters)—The Air Ministry announces that a formation of our bomber aircraft carried out extensive operations in Belgium and France with the object of harassing the lines of communication of the German advance and to relieve the pressure on the Allied armies.

Our fighter aircraft, patrolling in their support, have accounted for a large number of enemy aircraft of all types.

From preliminary reports received relating to a part only of our fighter activities, it is known that at least 20 enemy aircraft were shot down.

Harassing operations were continued during the night by heavy bomber formations.

In southern Belgium, bridges, smoke like a "huge black mushroom" spread over the town, broken up and roads blocked.

Simultaneously other formations of bombers penetrated into Germany where direct hits were made on oil fuel tanks in Hannover.

At other points, railway junctions and sidings suffered considerable damage.

## OFFENSIVE ACTION

All night a continuous watch was kept on military traffic over a wide area in western Germany and an offensive action was taken against enemy movements.

Rail and road communications were attacked. At one point, a heavy explosion was caused.

At another, aerodrome buildings were set on fire.

Hudson aircraft also carried out successful night operations. They caused further damage to oil fuel tanks in Hamburg, and Bremen.

## TREATMENT OF "T.B." IN THE QUEEN MARY

### No Physician Devoted To Task Exclusively

In view of the fact that keen interest is being taken at the present time in the campaign for combating tuberculosis in Hongkong, it would not be out of place to give some account of the cases of tuberculosis treated in the Queen Mary Hospital.

In the absence of sanatoria, where specialised treatment can be given, it behoves all hospitals in the Colony to take their share of this work.

In the Queen Mary Hospital, two wards, one for males and one for females, each containing twenty beds, and named "Pott" and "Nightingale" respectively, are specially assigned for the accommodation and treatment of the poorer class Chinese suffering from tuberculosis.

Both these wards are always full to capacity indeed it is more the rule, rather than the exception, to have extra beds on the verandahs.

For obvious reasons, it is not possible to admit all cases of tuberculosis seeking treatment, so that discrimination has to be exercised. In this way, cases are selected where it is considered that a reasonable chance of recuperation will accrue from treatment.

All too often, however, for humanitarian reasons, patients have to be admitted who are beyond all hope of recovery.

#### NO SPECIALISED JOB

No physician on the staff devotes himself exclusively to the treatment of tuberculosis. Some of the cases are under the care of the Professors of Medicine and Surgery and others are treated by Government Medical Officers.

For the year 1939, the daily average total of patients in hospital was 451. The daily average of tubercular cases for the same period was approximately 55. This represents, roughly speaking, a percentage of 12.

The total number of cases (all causes) treated in the Queen Mary Hospital, during the year 1939, was 10,849. Of this number, 406 were cases in which a primary diagnosis of tuberculosis (all forms) was made. This represents a percentage of 3.8. This small percentage

in no way represents the true incidence of the disease in the Colony. It merely shows the limited attention that, owing to so many other pressing demands, we are able to give to this type of case.

#### DISCREPANCY EXPLAINED

The apparent discrepancy between 3.8 per cent of total admissions and the 12 per cent daily average in hospital is explained by the fact that the average length of stay of a tubercular case is about fifty days, whereas the average length of stay in hospital for the ordinary patient is only sixteen days.

In by far the greater proportion of the 406 cases did this disease affect the Respiratory System. The distribution was as follows:—

	Cases	Deaths
Respiratory System	308	82
Central nervous system	12	7
Alimentary nervous system	8	1
Vertebral column	25	—
Other bones & joints	31	1
Skin	1	—
Lymphatic system	10	1
Genito-urinary system	5	—
Disseminated tuberculosis	6	6
	406	78

The number of deaths would have been even larger, but for the fact that some cases were transferred to the Tung Wah Hospital, and other incurable cases preferred to return to their homes.

#### METHODS OF DIAGNOSIS

Nearly all the respiratory cases could be diagnosed without difficulty on clinical grounds. A history of poor health, wasting, chronic cough and haemoptysis

### DELAYED MAIL ARRIVES

Imperial Airways' plane Della (Capt. Brunton and F/O Samuels), which was delayed at Hanoi, arrived at Kai Tak at 1.05 p.m. yesterday with the London Mails of May 11. She brought 197,988 kilos of mail, one kilo of freight and three passengers—

Mr. M. P. Patel from Bangkok; Miss Morgan from London; and Mrs. Morris from Marseilles.

#### CLIPPER DUE TODAY

Pan American Airways Honolulu Clipper is scheduled to arrive at Kai Tak from Manila this afternoon.

could be obtained from the majority of cases. However it is the rule at the Queen Mary Hospital to have the diagnosis confirmed by both bacteriological and radiographic examinations.

#### DURATION OF SYMPTOMS

A remarkable feature revealed in the histories of patients, is the relatively short period during which they have complained of any untoward symptoms. As many as 50 per cent of the cases date the onset of the disease to within two months and 80 per cent to within one year.

In many cases this information is not compatible with the advanced state of the disease as revealed on examination. One can only attribute this disparity to the stoical nature of the Chinese, who have accustomed themselves to endure discomfort and minor symptoms of ill-health with indifference.

#### TREATMENT

Medication plays an insignificant role in the treatment of tuberculosis. Far more important are nourishing food and rest—both physical and mental.

At the Queen Mary Hospital a special dietary has been worked out for the benefit of cases of tuberculosis. The fat content, mainly in the form of fresh cows' milk and butter, predominates. The daily total calories amount to 3,127.

## EMPIRE SCHEME AND DEVELOPMENTS

Extracts from the Directors' Report of Cable and Wireless Ltd. The stimulating effect of the Empire Flat Rate on the volume of intra-empire traffic became increasingly evident during the past year, in all areas, and there appears now to be no doubt that the scheme is an established success.

The introduction of this scheme in time of peace, by breaking down the high rates which operated as a hindrance to Empire development, and by the sense of unity which arose from the application of a uniform rate throughout the Empire, may, it is hoped, have played some part in fostering the cohesion with which our fellow citizens everywhere overseas ranged themselves alongside the Mother country at the outbreak of war.

It was with the same purpose of serving Empire unity that the new category of Social Telegrams was introduced on May 1, last year, and this, after the phenomenal response to the offer of free facilities on that day, when 300,000 of these telegrams were sent, has since also established itself. The introduction of a new class of traffic raises difficulties which the various administrations are not always able to overcome, and the Directors are happy to record that Canada, India and Burma, unable at its inception to admit this service, have since found it possible to do so, so that it is now in operation throughout the Empire.

#### SPECIAL FACILITIES

The presence in the war areas of large bodies of those serving in the forces from the Dominions and Colonies clearly called for some special facility, at a minimum cost, and a special Expeditionary Force Message Service, designated EFM, has accordingly been arranged, at half the rate for Social Telegrams, and with no charge for the address, applicable either way between the forces and friends.

The Empire Flat Press rate, which was already in operation, was fortunately well adapted to meet the need for an ample service of news flowing uninterruptedly between all parts of the Empire, and to meet the further need which a state of war imposes, the charge for urgent Press messages was reduced by half soon after the outbreak of hostilities.

COLONIAL WIRELESS SCHEME The offer made to the Government, to which reference was

made in the last report, to create a system of Wireless Telegraph and Telephone communication throughout the Colonial Empire without cost to the administrations or peoples concerned, was necessarily a matter which entailed delay before a decision could be reached.

The proposal had to be submitted to all the Colonial Governments concerned for their consideration and views, and certain technical points governing licences, in which it was desired to secure simplicity and uniformity, had to be matters of friendly discussion.

#### SETS READY

When agreement had been reached on all points, and in all areas, it was already within a week of the outbreak of war, but fortunately the wireless sets, whose manufacture requires a long period of time, had been ordered in anticipation of such agreement, and were ready. They were safely despatched to their different destinations, under the general protection of the Royal Navy which at all times ensures free passage of the seas, and have been erected. In the tests carried out since their installation results have been obtained which far exceeded expectations, and the value of these new wireless which must indeed be very evident at such a time as this has already been given practical demonstration.

#### WAR CONDITIONS

The introduction of Censorship on the outbreak of war naturally disturbed the delicate organisation of a high speed telegraph service which counts time in seconds, but with goodwill on all sides

this disturbance has been reduced to a minimum. The prohibition of the use of codes, though necessary, added to the difficulties of the commercial community, and it has fortunately since been found possible to release this to an appreciable extent. The Company has not itself been immune from the effect of the many measures relating to trade and commerce which have been found necessary for the more effective prosecution of the war, and the co-ordination of industries under war time ministries, which have centralised their direction and control, has seriously diminished the volume of traffic which normally flowed from the separate firms and companies engaged in these industries.

## EMPIRE DAY HOLIDAY

The Colonial Secretary has issued the following Press communique:—

The public are hereby reminded that Empire Day, Friday, May 24, 1940, is a public holiday and that all educational establishments, public offices and Government departments will not be open for ordinary business on that day.

Generalissimo Chiang Kai-shek has received a telegraphic message from the Kuomintang Headquarters in the Philippines, congratulating him on the Honan-Euph success. The message said the entire Chinese population in the Philippines felt elated over this latest Chinese victory.

Mr. C. G. Warren-Boulton (District Governor of India) will be the speaker at the Hongkong Rotary Club today.

### JAPANESE COMMANDEER CHINESE JUNKS

KINHWAI, May 20 (Central).—Two Japanese warships arrived off the coast of Wenchow, treaty port in south Chekiang, yesterday and commandeered more than a dozen Chinese junks there. Near Tamenshan and Shaomenshan Islands, three Japanese warships are stationed. They have so far remained inactive.

### MISSED HIS SHIP

An American seaman, William Lawson Smyly, of the U.S.S. Admiral Senn, appeared before Mr. E. Himsforth at Kowloon Court yesterday on charges of vagrancy and entering the Colony without a valid passport. He was committed to the House of Detention, and will be expelled from the Colony.

Smyly was taken into custody by Sgt. Farquhar when he was seen in Canton Road on Sunday morning, apparently under the influence of drink. Sub-Inspector Johnson, prosecuting, told the Court he had missed his ship, which sailed a day before.

The American Consulate and the ship's agents, Dollar and Co., were informed and the police had been instructed to charge defendant with vagrancy.

### POSSESSION OF DUTTABLE WINE

Cheung Yee-sai, 28, pantry boy aboard a British coastal vessel, Ng Kwok-shing, 19, a boy, and Ho Kwok-koon, 31, a saloon boy, all of the same vessel and natives of Chichow, were fined \$80, in default each six weeks' hard labour when they appeared before Mr. E. Himsforth at Kowloon Court yesterday on a charge of possession of duttable liquor on which the duty had not been paid.

Revenue Officer Ahern, prosecuting, said that the ship was visited by Revenue Department officers on Saturday when 200 bottles of Chinese wine were found in defendants' quarters. Defendants came forward and claimed ownership of the wine, saying that they had subscribed to it and owned 50 bottles each. They were arrested and charged.

### CALIFORNIA QUAKE

SAN FRANCISCO, May 20 (Reuter).—Several towns in south-east California and Arizona were wrecked by earthquake shocks early yesterday and communications have been broken.

# BRITISH COURAGE LIKE GRANITE COASTS

## Naval Expert Says Hitler Chose Wrong Course

LONDON, May 20 (Reuter).—It is the supreme testing  
time.

That is the consensus of opinion during the week-end  
of British newspapers. There is general agreement that  
while the situation is crucial because of Germany's years of  
preparation, the whole Nazi regime is now being tried in the  
fire. For Hitler, it is now or never, domination or defeat.

It seems impossible that we have four years of war be-  
fore us, says the Spectator. Germany is staking every-  
thing on a concentrated assault. We may have to give  
ground for a time. We have the power to endure but we  
will need all of it.

Commander Stephen King-Hall, in his weekly news-  
letter, deals with a question many are asking. Why has  
Hitler not struck before?

Capt. S. H. Batty-Smith, A.D.C.  
to H.E. the Governor, who left  
the Colony on Sunday with Sir  
Geoffrey and Lady Northcote.

It was known for certain, he  
writes, that Hitler believed that  
he could make peace after the  
conquest of Poland. When that  
failed, he wanted to launch a  
"Blitzkrieg" in November, but his  
generals persuaded him to hold his  
hands.

They hoped that U-boats, air-  
craft and mines might be success-  
ful against Britain's sea communi-  
cations. They hoped by skillful  
propaganda to detach France from  
Britain.

By the spring of 1940, it was  
evident that these hopes had been  
in vain.

Hitler had to make up his  
mind to choose one of two  
courses: remain on a defensive  
state of siege or launch a gen-  
eral offensive in the hope of  
winning the war this year.

He has chosen the latter and  
has chosen badly, says Com-  
mander King-Hall. It would  
have been the correct course in  
September, 1939.

Our minds, resolution and cour-  
age must be of the quality of  
granite coasts.

### NO REASON FOR OPTIMISM

The Economist says that there  
is no reason for optimism be-  
cause the stakes are high. But while  
we are waiting for the great clash that  
is coming, we can reflect that our  
position is more favourable than in  
1914. We are ready.

The Catholic weekly, Tablet,  
looks into the future. We are  
watching the disappearance of the  
whole order of Nazism, it says. A  
Europe restored will be a Europe  
united. The dream of centuries of  
an absolute sovereign independence  
must yield to something bigger  
and stronger. The first links are  
already in existence between Brit-  
ain and France. They will have  
to be extended.

## Foreign Trade Week In U.S.

WASHINGTON, May 20 (Reuter).—  
Mr. Cordell Hull, the U.S. Sec-  
retary of State, broadcasting yester-  
day on the occasion of Foreign  
Trade week, read a message from  
President Roosevelt.

The message declared that hopes  
for the future world peace depend-  
ed on the adoption of liberal  
economic policies. The promotion  
of such policies would continue to  
be a vital part of the foreign policy  
of the United States. Thus alone  
can the United States contribute  
to economic reconstruction when  
the destruction now in progress  
ceases.

### EFFECTS ON U.S.

Mr. Cordell Hull warned that if  
the doctrines of totalitarian au-  
thority, so ominously spreading to-  
day, became widely dominant in  
international trade relations, man-  
kind would be plunged into chaos  
and impoverishment.

Referring to the dislocating  
effects of war on United States  
commerce and agriculture, Mr.  
Cordell Hull said the difficulties  
provided unanswerable refutation  
of those who assert that the coun-  
try can isolate itself and prosper.

America must contribute towards  
the establishment of stable peace  
and orderly international relations.

The country must increase its  
strength to make itself safe against  
an armed challenge.

## CABLE NEWS IN BRIEF

LONDON, May 20 (Reuter).—  
Ministers and Defence Chiefs met  
for nearly an hour and a half at  
No. 10, Downing Street today.

PARIS, May 20 (Reuter).—It is  
reported from Le Havre that the  
Belgian Royal family will shortly  
arrive at Sainte Adresse, a suburb  
of Havre, which was officially the  
Belgian capital during the greater  
part of the last war.

NEW YORK, May 20 (Reuter).—  
At least five people were killed and  
many were injured in an earth-  
quake yesterday. A series of shocks  
occurred in the Imperial Valley of  
Southern California early yester-  
day.

SIMLA, May 20 (Reuter).—The  
Government is introducing re-  
strictions on certain imports simi-  
lar to those enforced in other parts  
of the British Empire in order to  
conserve Indian currency. The list  
contains nearly 70 articles and in-  
cludes sugar, raw cotton, motor  
vehicles, silk and piece-goods.

LONDON, May 20 (Reuter).—The  
Prime Minister is expected to make  
a statement on the latest develop-  
ments on the Eastern Front when  
Commons re-assembles on May 21,  
and it is likely a similar statement  
will be made in Lords.

# GERMAN DEAD PILE FIVE FEET HIGH: UNCERTAIN POSITION IN MAUBEUGE

LONDON, May 20 (Reuter).—The fighting front now extends  
about Montmedy, south-east of Sedan, to the Belgian coast. The  
German salient into France starts north of Montmedy and runs  
like a blunt spearhead towards Paris. The point of this spear-  
head is near Laon, which is 75 miles north-east of Paris.

On the southern edge of the  
spearhead, the fighting on Satur-  
day was unimportant.

Although the Germans have  
made some attacks the French  
have also been engaged in local  
action and in re-taking several  
villages.

The northern edge of the spear-  
head towards the Belgium fron-  
tier runs roughly parallel with  
Sambre River.

GERMAN CLAIM  
The Germans say that they  
have crossed the Sambre and  
have taken Le Cateau and San  
Quentin.

A French Army spokesman says  
that the area of the main battle  
is 10 miles east of these two  
towns.

The Germans used both heavy  
and light tanks and aircraft guns  
in this battle but strong French  
resistance caused them heavy  
losses.

At one point the German dead  
are said to have formed a wall  
five feet high. Over this wall the  
German tanks pursued their way.

The drive toward San Quentin  
was made by a light mechanised  
detachment of the type usually  
used for scouting. It is not very  
large and not very strong.

So far, the Sambre River has  
formed the northern edge of the  
spearhead and the French have  
been holding out at the forts of  
Maubeuge.

DRIVE DIVERTED  
A French spokesman says that  
the position is uncertain in Ma-  
ubeuge itself but fighting is going  
on to the west of the forts.

The movement west-north across  
the Sambre Valley may mean that  
the German drive, has been  
diverted in an attempt to envelop  
the Allied troops in Belgium.  
This may be the reason why Allied

Dr. Chung Shing and his bride,  
formerly Miss Chan Po-chun,  
after their marriage at the  
Registry. (King's Studio).

## DR. Y. Y. TSU ARRIVES

Dr. Y. Y. Tsu, newly consecrat-  
ed Assistant Bishop to the Rt.  
Rev. R. O. Hall, arrived here from  
Shanghai on Sunday.

He is staying at Bishop's House,  
and will later proceed to Yunnan  
to take charge of the Diocese  
there.

Dr. Tsu was formerly professor  
of sociology of St. John's Univer-  
sity, Shanghai.

The Hongkong Branch of St.  
John's University Alumni Asso-  
ciation is planning to hold a  
dinner reception in his honour at  
Cafe Wiseman this week. Mem-  
bers of the Mandarin Service of  
Christ Church, Kowloon, will join  
in this function.

## L'POOL COTTON MARKET

LONDON, May 20 (Reuter).—The  
directors of the Liverpool Cotton  
Association have decided to close  
the Liverpool cotton market for  
the first three days of this week.

It is understood that the object  
is to get the market stabilised in  
view of recent heavy falls in cot-  
ton prices.

## DEATH OF MR. M. W. STRANACK

LONDON, May 20 (Reuter).—The  
death has occurred at Durban of  
Mr. Morris W. Stranack, F.C.S.,  
M.P.S. (London), general manager  
in China and Hongkong for H.K.  
Mulford Co., manufacturing and  
biological chemists, Shanghai.
